Date: 14.08.2026

NOTICE

**Celebration of 21st Foundation Day of GNIPST Promoting
"Roots of Tomorrow"**

The Eco Club of Guru Nanak Institute of Pharmaceutical Science and Technology (GNIPST) is pleased to organize a special **Eco Club Activity on 18th August, 2026** to commemorate the Foundation Day of GNIPST, celebrated on 16th August. The initiative seeks to celebrate the institution's journey and legacy by fostering environmental consciousness, sustainability, and a sense of responsibility towards nature among students, faculty members, and staff. The programme is organized under the inspiring theme **"Roots of Tomorrow"**, reflecting the belief that nurturing our roots today will help create a greener, healthier, and more sustainable tomorrow.

The following activities will be conducted as part of the programme:

❖ **Activities**

1. Seed Ball Preparation & Distribution

Students and faculty members will participate in the preparation of seed balls containing suitable plant seeds. The prepared seed balls will subsequently be distributed to encourage plantation and natural regeneration of vegetation.

2. 21 Medicinal Plant Plantation & Adoption Programme

A total of **21 medicinal plants** will be planted on the campus. The plants will be **adopted by faculty members, staff, and students**, who will take responsibility for their regular care, maintenance, and growth. This initiative symbolizes the **21 years of GNIPST's journey** and reflects our commitment towards a greener and healthier future.

The programme aims to strengthen the connection between pharmaceutical education, medicinal plants, environmental sustainability, and social responsibility.

All faculty members, staff, and students are encouraged to actively participate and make this Foundation Day a meaningful step towards building a cleaner, greener, and sustainable GNIPST campus.

Interested students can participate by registering online using the following QR code:
