## NOTICE

Ref. No. GNIPST/SSC/157/2024/A/EVEN/77

Date: January 30, 2025

**National Seminar on  
"Computer Aided Drug Design "  
and  
"Structure-Based Drug Designing of Antimalarial and Antitubercular Agents"**

All students are informed that National Seminar has been arranged on "Computer Aided Drug Design" and "Structure-Based Drug Designing of Antimalarial and Antitubercular Agents". This seminar will offer invaluable insights into modern drug development approaches for infectious diseases.

### Resource Person:

Professor N. Subbarao  
School of Computational and Integrative Sciences  
Jawaharlal Nehru University, New Delhi

### Schedule:

Date: February 3rd and 4th, 2025  
Venue: Auditorium, GNIPST  
Reporting time: 10 am

### Key Focus Areas:

- Fundamentals of Structure-Based Drug Design
- Molecular Targets in Malaria and Tuberculosis
- Rational Design Approaches for Antimalarial Agents
- Strategic Development of Anti-TB Compounds
- Case Studies and Recent Advances
- Computer-Aided Drug Design Applications

The Interested postgraduate students and undergraduate final year students should register using the link given below:
